SPECIFICATIONS

Model ADIF ultra-compact drop-in cup and glass dispenser.

Model ADIN ultra-compact built-in cup and glass dispenser. (No flange)

FRAME: The frame is constructed of all welded heavy gauge stainless steel. Model ADIF has a full perimeter stainless steel supporting flange for drop-in use.

DISPENSING MECHANISM: (Both Models) The rack carrier is constructed of all welded 16 ga. stainless steel. It is connected to a self-leveling suspension system consisting of a series of coil springs and ball bearing guides designed to keep the carrier level at all times. The dispensing height of the racks is adjustable for varying weights by engaging or disengaging individual springs.
