

1ATCA-SN

**1ATCA-SN cantilever style, mobile tray and silverware and napkin dispenser.**

### CAPACITY

Approx. 75-150 trays, 500 napkins, 35-40 pieces of silverware in each cylinder.

### FRAME AND BODY

The frame is constructed of all welded heavy gauge stainless steel. The body sides are stainless steel. The sloped top is stainless steel, cut out to accommodate optional round silverware cylinders and one furnished napkin dispenser (see specification on Page D-11). The front panel is removable for adjustment access.

### DISPENSING MECHANISM

The tray carrier, constructed of all welded 16 ga. stainless steel, is raised by a series of coil springs attached to the frame. Ball bearing guides and a single stainless steel aircraft type cable keep the carrier level in all directions, even with an unbalanced load. The cable runs over pre-lubricated plated steel pulleys.

### ADJUSTMENT

Adjustment for various tray weights is easily accomplished by removing the front panel, then engaging or disengaging individual springs as required.

### CASTERS

The unit is mounted on four 4" diameter, heavy duty, swivel, casters.
