715-2-P10

SPECIFICATIONS

715 Series tray and silverware carts for silverware in pans.

FRAME: The frame is constructed of 1" O.D. 16 ga. stainless steel tubing formed to support an overhead silverware dispenser and to serve as push handles at both ends.

SHELVES: Each shelf is press formed from a single sheet of 18 ga. stainless steel. It is flanged down 1-5/16" on all four sides and formed back at a 30° angle for rigidity. Each inside corner is fitted with an ABS black plastic bracket and sleeve to accommodate an upright. The bottom shelf on all models is set 8" above the floor. With 10" clearance between shelves on 2 shelf models.

SILVERWARE DISPENSER: The dispenser is constructed of all welded 18 ga. stainless steel and is securely welded to the top of the tubular frame. The tops are canted and are cut out to accommodate 6-3/8" x 10-3/8" x 4" deep stainless steel silverware pans. On eight and ten pan capacity models, the silverware dispenser is two tiers high. The silverware pans are furnished as standard.

CASTERS: The units are mounted on four 4" diameter heavy duty, casters.

LIMITED WARRANTY: PIPER PRODUCTS warrants to the original purchaser parts and labor for a period of twelve (12) months from the date of purchase. See manufacturer's complete warranty for details.

It is our policy to build equipment which is design certified by companies that have been accredited at the Federal Level by the Occupational Safety and Health Agency (OSHA) and ANSI as a National Recognized Testing Laboratory. These companies include CSA International, Underwriters Laboratories, and the National Sanitation Foundation. However, a continuing program of product improvement makes it necessary to submit new models to the agencies as they are developed. Consequently, all models may not bear the appropriate labels at all times. We reserve the right to change specifications and product design without notice. Such revisions do not entitle buyer to corresponding changes, improvements, additions or replacements for previously purchased equipment. Information is not for design purposes.
